

An overview of Optum Home Delivery

Optum® Home Delivery improves medication adherence*, may lead to lower cost of care¹, and helps your patients get their maintenance medications delivered to the home quickly and conveniently.

Prescription home delivery is a vital addition to your patient care toolkit, along with refill reminders and multi-dose medication packaging delivery options. Key benefits for you and your patient include:

Drive better health outcomes with increased medication adherence

We analyzed 3 chronic conditions, along with the Centers for Medicare & Medicaid Services (CMS). For every condition, home delivery participants had higher medication adherence rate vs. retail.²

90.4% Diabetes²

91.6% Hypertension²

90.5% Hyperlipidemia²

Save time and money

- You and your staff can save time and reduce supply costs
- Minimizes patient trips to retail pharmacy with 3-month supply of maintenance medications
- Many prescriptions cost less, or offer Medicare patients \$0 copays on tier 1 and tier 2 medications
- Prescriptions (on average) are 17% less than retail pharmacies⁴

Accurate, safe and convenient

- Optum Home Delivery pharmacy accuracy rate for prescription fills is 99.99%⁵
- 24/7 access to pharmacists
- Secure and easy patient payment options (credit, debit card, by phone using check or by payment plan). **No credit card needed for \$0 copay medications.**
- Free standard shipping within the United States, medications generally arrive within 3 to 5 business days

Other patient services

- Text message refill reminders
- Automatic refills, with sign-up
- Multi-dose medication packaging delivery options
- Medication disposal available, call **1-800-791-7658**

Get started

Once prescription is received, Optum Rx will call patients for billing information if a copay is required. **Still have questions?** Please call or email our pharmacists.
